SOUTHEASTERN REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL

250 Foundry Street South Easton, Mass.
Brockton, Easton, Sharon, Norton, Mansfield, Stoughton
Foxboro, East Bridgewater, West Bridgewater

SOUTHEASTERN REGIONAL
VOCATIONAL TECHNICAL
HIGH SCHOOL LIBRARY

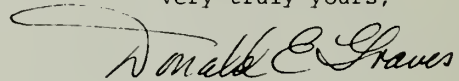

To the Graduating Class of 1983:

As you step over the threshold from the "world of school" to the "world of work", it is my hope that the experience you have gained at Southeastern will have been a major preparation for the years to come.

The difference between school and work is as the difference between "getting ready for the game" and "being in the contest". "Getting ready" can be fun and excitement underscored by a feeling of expectation. "Being in the contest" represents a time of proving oneself, underscored frequently by concern and apprehension. If the process of getting ready has been diligently pursued, then being in the contest will be like a strong footstep on the road of life.

I trust that you have prepared yourself well. It is my fervent hope that the school has given much to you and, if so, will be a part of your cherished memories for the rest of your lives.

Very truly yours,

Donald E. Graves
Superintendent

Superintendent

DONALD E. GRAVES

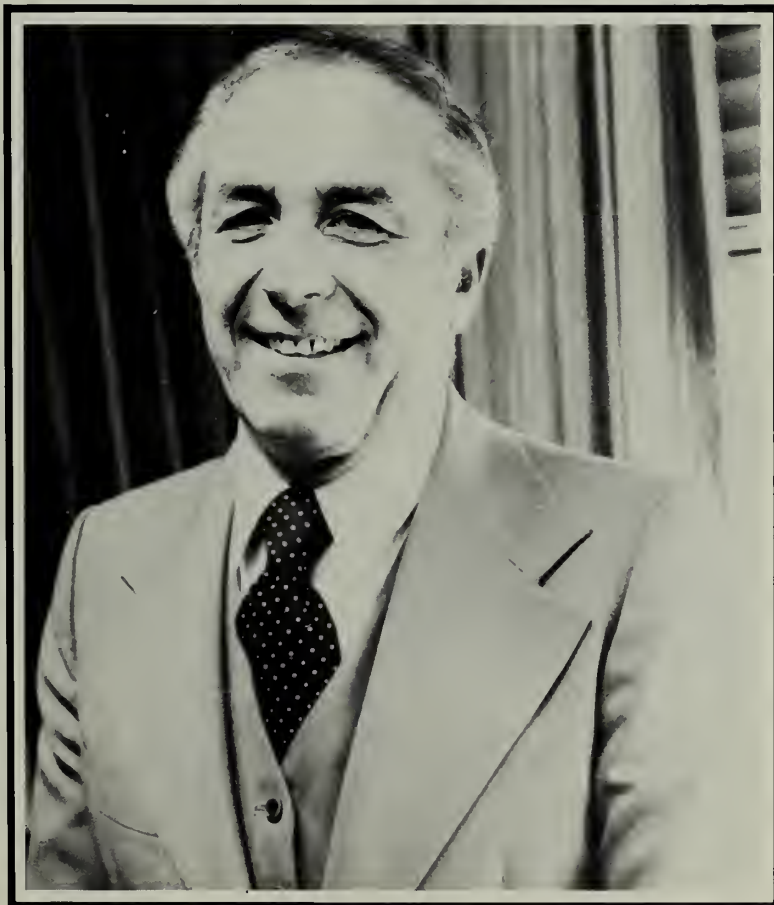

You came to Southeastern as freshmen enthusiastic in your desire for a vocational education, but more than that the teachers sought to impress upon you the importance of a positive attitude and good work habits.

Your diploma and vocational certificate certify that you are ready to face the many challenges of the working world. It is my hope that we have been successful in this goal because as graduates of Southeastern, you will offer these learned values as your credentials to success and happiness.

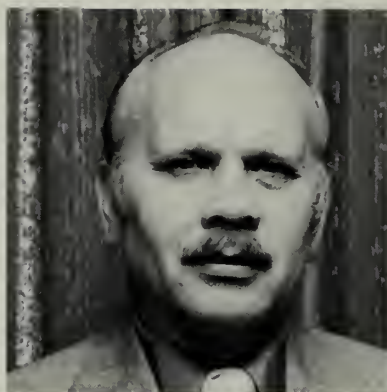

My sincere congratulations and good luck.

CHANGING PATHS

I look towards the hallways and remember the past,
The good friends I made, with friendships that last.
I look towards the doors, I see my future fly by,
I have a lot to say, but all that comes out is "why."
Why must I leave all these memories behind,
Of all the people that to me were so kind?
Why must I have to go out on my own,
After the love that all of them have shown?

I take a deep breath, and think of where I'll be led,
While visions of life are going through my head.
I think of the future and what it may bring,
And wish my classmates and friends the riches of kings.
I'll walk slowly as I start towards the door,
Thinking of friends that I'll not see anymore.
I'll start to run and I won't look behind,
I'll leave the old path, for I've a new one to find.

JEANNIE CAYER

SUCCESS

Success is speaking words of praise,
In cheering other peoples' ways,
In doing just the best you can,
With every task and every plan,
It's silence when your speech would hurt,
Politeness when your neighbor's curt,
It's deafness when the scandal flows,
And sympathy with other's woes,
It's loyalty when duties calls,
It's courage when disaster falls,
It's patience when the hours are long,
It's found in laughter and in song,
It's in the silent time of prayer,
In happiness and in despair,
In all of life and nothing less,
We find the thing we call success.
